CERTIFICATION

Kaiser Aluminum, Trantwood Works, is ISO 9001, AS9100, and IGO 14001 certified, and hereby certifies that a hipped under this order:

* has been inspected, tasted, and found to be in conformance with the requirements of the specifications indicated here n.

All test equipment and measuring devices are calibrated and certified in accordance applicable specifications. For material the kneepers outside specification limits, machanical properties are as shown herein and chemical composition mests specification requirements. Repetred diorgation values have been measured as alongation of fracture.

**was melted in the United States of America or a quasilying country per DEARS 225.872-1(s), was manufactured in the United States of America. and meets the requirements of DPARS 252.225 for domaits content.

* was melted in the United States of America or a qualifying country per or Am 12.50/2-14, whose demestic content.

* has been thermally processed in compliance with AMS 2772, whose applicable.

* to marcury like, within the limits of detection of ASTM 51215 (< 1pcm).

* is in compliance with Rohfs 2, European Union Directive 2011/55/5U.

* is in compliance with European Chamical Agency, ECHA, REACH regulations, (EC) No 1907/2006, and Kaiser regularly monitors those regulations for updates.

* is free of Conflict Minimals, as defined in Section 15.2 of the Dodd-Frank Act.

* Is free of weld repoir.

* mants the reporting requirements of EN10204, Type 3.1.

* mants the reporting requirements of EN10204, Type 3.1.

* Any warranty is limited to that shown on Kaiser Aluminum's standard general terms and conditions of sale. Test reports are on the certificate may be punished as a felony under federal law.

* full, without the written approval of the Kaiser Aluminum laboratory. The recording of talse, fictitious or freudulent statements or entries on the certificate may be punished as a felony under federal law.
